Cancellations accepted
through deadline date

Our speaker, Richard Green, is an international expert in glass design and Technical Chair for the ASTM Structural Glass Committee. As a Principal and the Global Technical Director for FRONT (a façade consulting group with locations in Seattle and elsewhere), Richard brings his expertise and experience to projects, designing structural glass assemblies such as the Amazon Spheres, refurbishment of the Seattle Space Needle, and curtainwall for Barclays Area and Lincoln Square Synagogue.

The specific topic we will be talking about is:
How sub-contractors can team and collaborate with design consultants to engage in challenging projects.
