

The Washington Glass Association Board Election Results

Incoming President Bernie Thueringer,
Pacific Glass, Inc.

On December 9, 2014, the Washington Glass Association met in Burien, Washington. At this year end Board Meeting, the following WGA Officers were voted in to serve a one-year term beginning March 1, 2015.

President: Bernie Thueringer, Pacific Glass, Inc.;
Vice President: Bud Henson, Window Tech.,
Inc.; Secretary: Rick Wakefield, Wakefield Glass,
Inc., and Treasurer: Mike Reydell, SGS Glass
Company, Inc.

Bill Coady, Guardian, Industries Corp. will continue on as Past President, also an officer position. Thank you Bill Coady for a great year!

The Washington Glass Association membership votes for Board Members and Board Members vote for officers.

The following individuals were voted in by the membership last month for a three-year term.

Jon Larson, Larson Glass Co., Inc.; Mark Pasion, Herzog Glass; Bernie Thueringer, Pacific Glass, Inc.; Bud Henson, Window Tech, Inc.

Thank you to Richard Sorrells, Brower Tinting & Graphics for running for a Board Position.

Thank you to Norm Stow, Herzog Glass for serving as a Board Member the past three years. Norm served as Vice President and Director during his three-year term.

We have enjoyed Norm Stow on the Board. Ask him about his hobby. Hint: See picture to the right. Also, if you are a pet fan, be sure to ask him about that topic as well.

So many wonderful people that serve on the Board of the Washington Glass Association

The WGA 29th Annual Golf Tournament ~ Superb Day!

The Washington Glass Association 29th Annual Golf Tournament was held at Twin Lakes Golf & Country Club located in Federal Way, Washington on Friday, September 5, 2014. The day was gorgeous and a great time was had by all.

This year we had 138 golfers register. We broke our record from the year before with a total of 83 Golf Sponsors. See list of our 2014 Golf Sponsors on the opposite page. This list is also posted on our website. Without these companies participating as sponsors, the WGA Golf Tournament would not be possible. The WGA Golf Committee did a great job in seeking sponsors as well as working out the details of the tournament.

The 2014 Golf Committee included: Gary Towndrow, RGA Architectural, Chair; Amy Anderson, Atlas Supply, Inc.; Bill Coady, Guardian Industries; Bonnie Fay, Northwestern Industries; Ed Howell, Hartung Glass; Mark Pasion, Herzog Glass; Richard Sorrells, Brower Tinting & Graphics; Danny Sullivan, Sullivan Architectural Products; Rick Koeller, Oldcastle BuildingEnvelope; Bernie Thueringer, Pacific Glass, Inc.; and Rick Wakefield, Wakefield Glass.

For many, many years, as far back as I can remember, Northwestern Industries has sponsored the golf team photos. We are very thankful for their contribution over the past years. The photos are a great memory of happy times we treasure.

This year, Oldcastle BuildingEnvelope offered to sponsor the golf team photos for which we are very thankful. Oldcastle BuildingEnvelope was able to orchestrate the photos so that each golfer was able to take home their fivesome picture at the end of the day. The pictures were available

at the Award's Banquet after finishing up their 18 holes of golf.

Thank you to Hartung Glass for sponsoring the Washington Glass Association Low Gross Trophies. The winners of the tournament included: Captain, Jeff Baranowski, Technical Glass Products; Dave Verneulen, Technical Glass Products; Brian Horne, Herzog Glass, Jerry Minor, Centennial Glass; and John Gaydos, Washington Hardware.

Also, thank you to Richard Sorrells, Brower Tinting & Graphics for sponsoring the Refreshment Carts.

In addition to our WGA Golf Committee, there were many volunteers that donated their time and service to help make the tournament run smoothly. This year, those volunteers included: Sam Berg, Technical Glass Products; Mark Hagerty, Technical Waterproofing; Patricia Hernandez, Vetrotech Saint Gobain; Shannon Leidl, Morse Industries; Karen Rains, Design9 Group and Carole Velez, Hartung Glass and a special surprise visitor and helped out at the Hole-in-One, Jerry Razwick, Technical Glass Products.

See snapshot pictures of the day, page 7.

The Monster Hole

Q:

Can a fire-rated ceramic glass have the same qualities as float glass?

THE ANSWER'S IN THE GLASS.

New Keralite® Select has such true color, you might not know it's fire-rated glass ceramic. Our advanced composition, combined with patent-pending surface polishing technology, results in a 97.1 color rendering index, for the highest R96a value in its class. With superior clarity, high VLT, and the lowest haze value available, Keralite Select is worth a closer look.

Request a sample at www.vetrotechUSA.com/keralite-select.aspx.

The WGA Announces

Partnership with Rice Insurance

The Washington Glass Association voted on December 9, 2014 to partner with Rice Insurance, LLC, an insurance brokerage for property and liability insurance. Rice Insurance LLC is an independently owned, Washington based insurance agency.

According to Rice Insurance, LLC, since 1946, Rice Insurance LLC has grown steadily over the years and is a fast growing insurance company offering commercial and personal insurance in the Pacific Northwest.

Rice Insurance, LLC experienced a 34 percent growth in 2014, in an industry that has struggled since the financial crisis in September of 2008. Rice Insurance LLC hasn't posted negative growth in the past 25 years. Their growth has been true organic growth, not through acquisition. It comes from the strong sales force and a specialty niche of insurance products.

The Rice Insurance, LLC service staff members on average, have over 15 plus years of experience. Rice Insurance, LLC has a dedicated in-house claims manager on staff that provides claims management and claim advocacy in the event of a claim. They make sure that claims get paid fairly and promptly. Not very many insurance agencies offer this service. Rice Insurance, LLC also has a client retention rate of 96 percent which is well above the national average of 88 percent.

Consider meeting with them to see if what they have to offer will benefit your business. You won't know until you go through the steps of comparison. Many glass and glazing contractors have already chosen Rice Insurance, LLC.

Contact: Tyler Wate, Rice Insurance, LLC; email: tyler@riceinsurance.com, phone 360.734.1161 extension 1353; website: www.riceinsurance.com.

WGA/MBA Health Insurance Corner on Networks

Contributed by MBA Health Trust
Administrators Capital Benefit Services

As it becomes more and more vital for individuals to take ownership of their own insurance plans, understanding your insurance provider network is a critical component. A provider network is a list of health care providers and facilities (doctors, hospitals, etc.) that are contracted to work with your health insurance carrier. Providers on this list are considered “in-network”, while those not on the list are “out-of-network”.

When a certain provider is contracted with a provider network, this means they will provide services at a certain price, agreed upon between them and the plan carrier. While most plans allow you to see providers regardless of their association with the contracted network, there are often significantly higher out-of-pocket costs for services received outside of the network compared to inside the network.

So if you know that out-of-network benefits may cost you more, what can you do about it? A great place to start is searching the provider network online. Regence BlueShield has an excellent online tool to help you find a doctor in your area or to check if your current doctor is in their provider network. Check it out at www.regence.com/find-a-doctor.

Contact the WGA Office for information on how to get your FREE QUOTE for MBA Health Insurance Trust Coverage! Call 253.756.9050 or email <staff@wg-a.org>.

TROUBLE NAVIGATING EMPLOYEE BENEFITS?

LET US
SHOW YOU
