

The Washington Glass Association *Board Election Results*

Rick Wakefield, Wakefield Glass
Incoming WGA President

The Washington Glass Association Board met on Thursday, December 10, 2015 in Burien, Washington and voted in WGA's 2016 officers who will take their posts on March 1. The officers elected by the Board: Rick Wakefield, Wakefield Glass, President; Bud Henson, Window Tech., Inc., Vice President; Mark Pasion, Herzog Glass, Secretary; Mike Reydell, SGS Glass Co., Inc., Treasurer. Current President, Bernie Thueringer, Pacific Glass, Inc., Renton will continue on the Board and will hold the officer position of Past President.

Not new to the Board, but newly elected to the Board, voted in by the WGA membership are: Bonnie Fay, Northwestern Industries and Rick Koeller, Oldcastle BuildingEnvelope. Welcome back Bonnie and Rick. Prior Board members wanting and willing to serve again is always a compliment to the WGA. Bonnie and Rick will be serving three-year terms beginning March 1, 2016.

Going off the Board are Amy Anderson, Atlas Supply, Inc. and Bill Coady, Guardian Industries. Amy Anderson was originally elected to the Board in 2010 and served two three-year terms. Bill Coady was originally elected to the Board in 2009 and served two three-year terms and one year as Past President for a total of seven years. Both Amy and Bill have been huge assets to the Board and we appreciate their many contributions and willingness to serve the industry in this way. Consider participating as a member on the WGA Board.

WGA 30th Annual Golf Tournament Look Back

By Marianne Howell, WGA

The Washington Glass Association 30th Annual Golf Tournament was held at Twin Lakes Golf & Country Club located in Federal Way, Washington on Friday, September 11, 2015. The very first WGA Golf Tournament was held at Rainier Golf and Country Club in DeMoines, Washington. The other 29 tournaments have been held at Twin Lakes Golf & Country Club.

The 2015 Golf Committee included Chair, Gary Towndrow, RGA Architectural; Amy Anderson, Atlas Supply, Inc.; Bill Coady, Guardian Industries; Bonnie Fay, Northwestern Industries; Ed Howell, Hartung Glass; Mark Pasion, Herzog Glass; Richard Sorrells, Brower Tinting & Graphics; Danny Sullivan; Rick Koeller, Oldcastle BuildingEnvelope; Bernie Thueringer, Pacific Glass, Inc. and Rick Wakefield, Wakefield Glass.

We had 143 golfers registered in 2015 which was more than the year prior. We also broke our sponsor record by ten sponsorships for a total of 93 Golf Sponsors! That is an all-time sponsorship record. The second highest was 84 Sponsors in 2009. See our list of 2015 Golf Sponsorships on page 7 of this Clear View. This list is also posted on our website on the Golf Tournament page. Sponsors are a vital part of our tournament. The funds raised from our sponsors helps the WGA continue to provide benefits to the glass industry such as educational dinner meetings, members presence on our website, the golf tournament to provide industry networking and scholarships for members of the WGA.

A special thank you to Rick Koeller, Bruce Stefens and Kurt Tingey all from Oldcastle BuildingEnvelope who sponsored the fivesome team photos. Golfers were able to take home their fivesome picture upon their arrival to the Award's Banquet.

Thank you to Pat Zollars and Ed Howell, both from Hartung Glass for sponsoring the terrific Washington Glass Association 30th Annual Golf Hats.

Thank you to Rick Wakefield, Wakefield Glass and Richard Sorrells, Brower Tinting & Graphics for sponsoring the WGA 30th Annual Low Gross Trophies. They looked great!

Also, thank you to Richard Sorrells, Brower Tinting & Graphics for sponsoring the Refreshment Carts.

In addition to our Golf Committee, there were many volunteers that donated their time and service to help make the tournament run smoothly. Those volunteers included: Jacob Arrington, Window Tech., Inc.; Stacey Bankston-Engel, Gannon Associates; Sam Berg, Technical Glass Products; Tysen Gannon, Gannon & Associates; Mark Hagerty, Technical Waterproofing; Peg O'Connor, Glasshape North America; Karen Rains, Design9 Group, Greg Towndrow, RGA Architectural and Laura Williams, Glasshape North America.

Congratulations to the winners of the tournament: Jim Connell, Milgard; Paul Moran, Milgard; Adrian Au, Lake Washington Windows and Doors; Jason Wilton, Milgard and Mark Scott, Puget Sound Windows.

The Affordable Care Act (ACA) in 2016 Changes in Policies, Procedures, Politics:

The year, 2015 brought about several key changes and delays in the Affordable Care Act that have broad, even if sometimes unnoticed, effects on employers. Below are three key takeaways for employers to know in 2016.

The changing definition of a “large” group.

One of the more substantial changes made to the ACA last year was the passage of the PACE Act in October. Originally, 2016 was to bring about a change in the definition of “small” group versus a “large” group for health insurance rating purposes. Prior to the passage of this law, thousands of business who employed between 50-99 employees were going to be considered “small” groups and thus required to be lumped into the more restrictive community rating model. The passage of the law allows employers with 50 or more employees to continue to be rated as a “large” group and avoid being community rated.

The delay of the “Cadillac Tax”

The so-called “Cadillac Tax” was delayed by Congress this past December from taking effect in 2018 until 2020 as a part of a rare bipartisan compromise. The Cadillac tax is scheduled to impose a 40% tax on employers whose insurance coverage cost more than certain thresholds (\$10,200 for individual coverage, and \$27,500 for family coverage) or so called “Cadillac” plans. This regulation has been widely contested since its passage and its delay (and likely demise) was widely applauded within the business community.

Delay of the 1095C and 1094C reporting

On December 28, 2015, the IRS released a notice granting much needed time for employers and their filing services to catch up to Affordable Care Act Information Returns that many employers are struggling to deal with. In summary:

Deadline to Furnish Forms 1095-C to Individuals: Extended from February 1, 2016 to March 31, 2016.

Deadline to File Forms 1094-C and 1095-C with the IRS (paper filers): Extended from February 29, 2016 to May 31, 2016.

Deadline to File Forms 1094-C and 1095-C with the IRS (electronic filers): Extended from March 31, 2016 to June 30, 2016.

Editor’s Note: As a member of the Washington Glass Association, you have access to the MBA Health Trust Fund providing your company qualifies. Request a free quote, call the WGA office 253.756.9050 or email staff@wg-a.org. See advertisement on page 10.

HYATT REGENCY BELLEVUE
BELLEVUE, WA

WGA Awarded First Place and Second Place Scholarships in 2015

The Washington Glass Association is a strong supporter of education, not only glass and glazing industry education but also education in general and illustrates that support by offering WGA Scholarships each year. June's Scholarship Night is one of the WGA's favorite events of the Board and the WGA membership.

On June 25, 2015, the WGA membership met at the Embassy Suites, Tukwila to celebrate the day with an industry table top with ten industry member companies, two great speakers on Curtain-wall/Membrane with Marty Houston, Walsh Construction Company and Mike Poirier, QEDLAB, now a WGA member and WGA's presentation of a First Place and Second Place Scholarships.

The First Place WGA Scholarship was made possible by the WGA Golf Tournament in the amount of \$1,681.00 raised at the 29th Annual Golf Tournament held in September of 2014. For the past two years, the First Place Scholarship has been **fully funded** by monies raised at the tournament specifically designated for the Scholarship Fund. The 2015 WGA First Place Scholarship was awarded to Tabitha Weese, member company, Parker Henry Glass & Storefront.

The Second Place WGA Scholarship came out of the WGA general fund in the amount of \$1,000.00. This scholarship was awarded to Brenna Tait, member company Hartung Glass Industries.

If your company is interested in sponsoring a special scholarship in the name of someone, or in your company's name, contact the WGA office or contact Bernie Thueringer, Pacific Glass, Inc, our 2016 Scholarship Chair.

Scholarship applicants must be an owner of the WGA member firm, or an employee of a current WGA member firm or a child or spouse of either. The applicant must be planning to enroll either full-time or part-time at an accredited two-year college, university or vocational technical training school. Post-graduate education is also acceptable. Applicant must have performed volunteer work or community service. Applicant must supply one letter of reference and complete an essay regarding career goals. Applicant need not be pursuing a career in the glass and glazing industry.

The 2016 Scholarship Application will be posted on our website this spring.

(Continued on page 13.)

WGA Awarded First Place and Second Place Scholarships in 2015

(Continued from page 12.)

Thank you to Lisa White, Director of Development with the Tacoma Rescue Mission our 2015 scholarship judge. Our volunteer judges are chosen from our local communities and are not glass and glazing industry related.

The night of the Scholarship Awards, the Board decided to pass the hat to raise money for Tacoma Rescue Mission which brought in an additional \$300.00 to add to the Board approved \$200.00 donation coming from the WGA general fund as a thank you and to meet a specific need they had at the Tacoma Rescue Mission in order to continue their mission in our community.

Apply for
WGA 2016 Scholarship

About Us

Rice Insurance was founded in 1946 to provide affordable insurance for individuals, families and businesses.

We are one of Washington's largest and fastest growing privately owned Insurance Brokerages specializing in Real Estate, Professional Liability, Construction, General Business and Personal Lines. We are licensed in all 50 states, and proudly serve clients across the country. No matter what states you operate in, we guarantee our relationship and customer service will remain the same.

Rice Insurance is dedicated to providing the best possible customer service for our clients and creating a positive experience when handling your insurance needs.

Summary of Services:

Rice Insurance has a dedicated Construction Practice Group. Being one of the largest independently owned brokerages on the west coast, we pride ourselves in our commitment to the construction industry. Whether you are a General Contractor, Specialty Contractor, Owner or Development Group, we have all the resources to cater to your construction needs.

What sets our team apart is the experience and knowledge we bring through almost 70 years of specializing in the construction industry. Not only have we built long standing relationships with our clients, but we've developed strong relationships with specialized construction markets to bring you the best possible insurance and surety solutions.
