

# WASHINGTON GLASS ASSOCIATION

## PREVENTABLE CURTAIN WALL FAILURES

WITH HENRY TAYLOR  
KAWNEER COMPANY

NOON ZOOM  
THURSDAY, OCTOBER 21, 2021

RESERVATION DEADLINE: TUESDAY, OCTOBER 19, 2021 AT NOON!

The Washington Glass Association's NOON ZOOM will be held on Thursday, October 21, 2021 at NOON Pacific Time. Just complete this registration form, email it to the address below and you will be signed up to receive an **Invitational Link** the day prior to the event. This meeting will be live and interactive! It is not a webinar.

Our October speaker, **Henry Taylor, Commercial Training Manager** with **Kawneer Company** has been in glass and glazing for over 30 years and has experience with a commercial glass shop and national glass fabricator. Henry has spent the majority of his career with the Kawneer Company where he spends time working with their customer network training field crews, project managers and estimators.

**Topic:** A failure of installed curtain wall on a commercial project is costly and time consuming and causes harm beyond just the physical property damage. All parties involved can feel the repercussions of curtain wall failure for years and they often can be tracked to simple mistakes. Mistakes that are easily preventable. This presentation takes a high level look at common failures that occur repeatedly and is designed to illustrate conditions, that when identified early, help create successful curtain wall installations.
