John Rovi is the National Architectural Business Development Representative for Oldcastle BuildingEnvelope. John has nearly two decades of experience in the fenestration and exterior façade industry focusing on project management and facade consulting.

### Here is what the presentation will cover:

- Understanding product test types
- Identifying the appropriate test for various applications and project needs
- Determining how to effectively manage project testing in terms of quantity, timing of tests and what to include in the specifications
- Establishing how to plan, document and manage the administration of tests
