## “Ordering It Right”

The art and science of getting the glass you need, where and when you need it.  
Done right the first time!

Speaker: **Otto Ward** - Architectural Design & Business Development Manager @  
Garibaldi Glass

5:30 Social Hour

Foster Golf Links/Billy Baroo’s

6:30 Dinner/Program

13500 Interurban Avenue South

Dinner cost \$60 members/\$80 non-members

Tukwila, WA 98168

**RSVP Deadline: Friday, May 3<sup>rd</sup> - Cancellations Accepted through Deadline Date - WGA Bills for No Shows**

As our industry continues to become more complex and demanding, with increasing environmental requirements, thermal performance and value add attributes like acoustic performance and Bird Deterrent patterns as well as the supporting documentation (EPDs, LEED docs and Warranties) required. When sourcing and ordering Glass products, **attention to detail is key**. One missed detail or specification reference can easily result in delay and disaster! Some of the key take-aways from this presentation will be:

- How to request pricing, capturing all the required information, to not leave you exposed in your bid.
- How to book glass to ensure the glass is on order at the factory and arrives at your fabricator when you start putting in finished size glass orders.
- How to order glass to ensure you get the correct product, delivered to the right location at the right time with the correct support documentation.
